To ensure our ST6001 Controller to be RoHS compliant, we have the following changes:

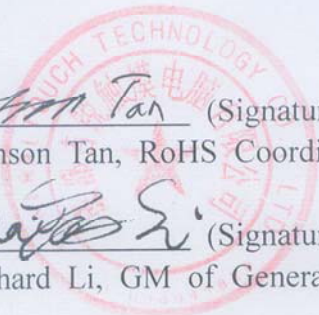

1. The mass production of ST6001 RoHS Compliant Controller are available from July. 2006.
2. All parts in the controller are be RoHS compliant.
3. Print-circuit-board(PCB) change to tin plating(RoHS compliant).
4. Change solder to be Lead-free.
5. New part number to differentiate the RoHS from no-RoHS.
6. RoHS Compliant green label sticked to the carton box.

This certification applies only to the products listed as above of the type in the Statement of Compliance, and is made based on General Touch's understanding of the European Union Directive 2002/95/EC and on official source documentation and/or SGS/Intertek/TUV testing report received from our suppliers.

Customers are advised to ensure that this information is brought to the attention of the employees, agents, or contractors handling this product. Distributors of this product are advised to forward this document, or the information contained herein, to their purchaser.

Customers must specifically order RoHS compliant products to assure receipt of only RoHS compliant products. Indicate this requirement on the purchase order.

Users are advised to ensure that this information is brought to the attention of the employees, agents, or contractors handling this product. Distributors of this product are advised to forward this document, or the information contained herein, to their purchaser.
